

INNOVATIVE SOLUTIONS

HANDHELD REMOTE

Take complete control of your home with the Prodigy® Handheld Touchpanel. Wirelessly control music, TV, lights, and temperature from the ultra-crisp colour display together with the Prodigy Media Controller. Channel surf or browse your iPod® using the simple tactile buttons. It's so light and ergonomic that you may forget it's in your hand.

ENVIRONMENTAL CONTROL

The Prodigy® Wireless Thermostat keeps your home the perfect climate while saving money and energy. Via intuitive graphical interfaces on Prodigy Touchpanels, simply set up weekly schedules so the home stays comfortable when you're there most.

KEYPADS

With the bidirectional feedback of Prodigy Remotes and Touchpanels, control of any audio zone is just a touch away. Combine the Audio Keypad with the Processor, Amplifier, Radio Tuner, and iPod to fill your entire home with the music and news you want, when you want it.

CONTROL SYSTEM

The heart of a Prodigy system, the Media Controller transforms your button presses into customized actions: simultaneously turn on the TV, dim the lights, and play back your favorite movie. It's also your outside link to what's going on inside your home.

ENTERTAINMENT CONTROL

Easily create any atmosphere desired with your favourite music and video collection. Without extra importing, ripping, or downloading, simply use your existing iPod as a home entertainment hub. Listen to radio news in high quality without having to deal with static or poor reception while simultaneously enjoying music in a completely different room.

TOUCHPANEL

The Prodigy In-Wall Touchpanel is your central hub to total home control. Bring home the power, reliability, and intelligence of Crestron in addition to decades of industry leading experience at an affordable price. Engineered with you in mind, Prodigy proves to be simple + affordable.

INTEGRATION SOLUTIONS

Whether you're distributing iPod content on the home network, controlling systems remotely from a Mac, PC, iPad or iPhone, Crestron provides seamless solutions.

Simple and Affordable Control Solutions for Homes

WELCOME HOME

NOW EVERY HOUSE CAN BE A CRESTRON HOME

Prodigy by Crestron, the most respected and trusted name in home automation, is control without compromise. Installed in more homes worldwide than all other brands combined, Crestron is the global standard in luxury homes. Backed by Crestron quality, expertise and support, Prodigy provides the power and scalability you'd expect at a price you can afford. Now every house can be a Crestron home with Prodigy.

Prodigy offers affordable, simplified control of your home and entertainment from any room in your house or any place on the planet. Keep all your music, movies, lights, thermostats and security at your fingertips wherever you are and wherever you go. You are always in touch and in control with Prodigy. Make your home the perfect sanctuary where you can escape everyday stress. Just a simple tap of your finger brings you serenity, comfort, convenience and pleasure. Prodigy does all the thinking so you don't have to.

SIMPLE TO INSTALL

Prodigy products are all specially designed to work together seamlessly, so there's no special wiring or expensive installation. Fast, reliable wireless solutions mean that any home system can be set up quickly and easily, saving time and money.

EASY TO USE

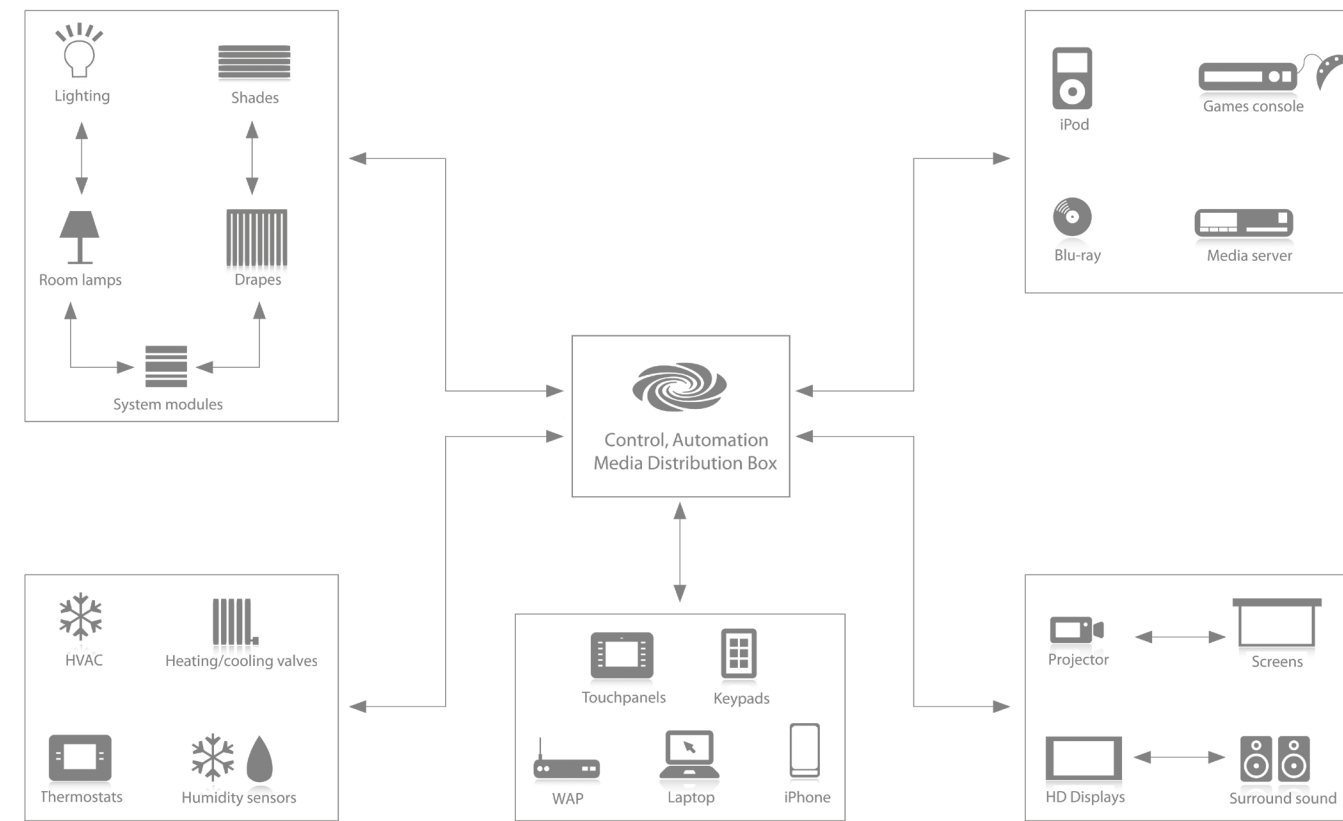

Prodigy intelligently manages home entertainment, lights and thermostats for you, so you just instinctively press a button and Prodigy serves up whatever you desire. Prodigy delivers modern home management and keeps you in control.

AFFORDABLE

Peace of mind, security and happiness are not luxuries reserved for the privileged. Prodigy provides the highest level of home entertainment, comfort and convenience for every family, every lifestyle and every budget. Built on a flexible, scalable platform, you can start with home cinema today, distribute music throughout the house tomorrow, then add lighting and climate control - even remote control from laptops and mobile devices.

prodigy™

Prodigy is so smart it will even save money after it's installed. Conserve energy and reduce costs without compromising comfort. Dim lights or turn them off automatically when the room is vacant. Install multiple thermostats to create smaller zones for heating and cooling, and create temperature set-points for simple, yet effective environmental control. Prodigy intelligently manages lighting and temperature in the house to shrink your carbon footprint and your electric bill.

ENJOY & WATCH

Allows users to select their own music from any room and listen at the same time, wherever they are. Watch not just the content you have, but the content you want, in glorious high-definition.

LIVE IN COMFORT

Manage all environmental and home systems to achieve maximum energy savings without compromising comfort or convenience.

SAVE ENERGY

Set the precise lighting scene for watching movies or reading in bed, or creating just the right ambience for an intimate dinner or hosting a party, all while saving energy and money.

FEEL SAFE

Feel safe with the support of your Crestron system, linked throughout your property.
